LED STREET LIGHTING FOR THE HIGH STREET, WESTERHAM

At the time of going to press conversion of the Heritage Lanterns along the High Street, including Fullers Hill, Vicarage Hill and The Green to LED technology is scheduled to take place during the month of October. The lights are a warm white, the warmest LED street light colour available.

As well as using much less energy LED lights are more reliable and require less maintenance. Roll out of LED technology for the rest of Westerham Town Council owned street lights will be looked into from 2016 onwards.

Rogue Traders in Kent

There have been reports of rogue traders across Maidstone and other parts of West Kent. You may be approached by rogue traders offering their services for the following work, particularly after bad weather and floods.

Gardening

Clearance

- Fences
- Tree Surgery

Roofing

- Loose tiles
- Leaking roof
- Guttering cleaning
- Loose chimney stack

Driveways - Tarmac

- Block paving
- Maintainence

Brick Work

- Brick walls
- Path Laying
- Patio

Rogue traders are criminals who try and act like businessmen. They are opportunists who knock on doors hoping to catch people off guard so that they agree to the work. You might be tempted by their offer. **DON'T BE!**

Rogue Traders have no intention of doing the work properly, if at all.

Please warn your neighbours, especially the elderly, of rogue traders. **DO NOT allow anyone into your home, if you do not recognise the person at your front door, do not answer it.**

If you need work done:

- Shop around before making a decision.
- Never pay up front and don't pay by cash.
- Get at least three quotes from reputable businesses.
