Goodbye to the weeds around the centre of Westerham

Westerham Town Council is keen to ensure that the Town is maintained as an attractive place for both residents and visitors alike. Hence this year the Council has budgeted to supplement the weed killing carried out around the centre of the Town by Kent County Council, with our own more frequent programme. The first treatment was applied at the beginning of the year and the results have been very encouraging, with a clear reduction in weeds. There will be a programme of treatments throughout the year to keep the weeds at bay
